Former Emperor of Hungary  
Has Been Assassinated, Un-  
confirmed Reports Say

SUGGEST NEW EXILE TO U. S.

War Believed Sure to Follow Ac-  
cession to Throne—U. S.  
to Remain Aloof

New York—Former Emperor Karl of Hungary who fled from asylum in Switzerland to join 5,000 of his followers in a desperate coup d'etat against the present government of Hungary, was Monday variously reported from European capitals to have been successful and to have been assassinated.

The three last dispatches received from Vienna, closest capital to Budapest where the monarchist drive to put Karl once more on the Hungarian throne is centering, contained conflicting accounts of what had occurred. A dispatch dated noon Monday, said Admiral Horthy, the regent, continued to hold out against the attack of Karl's troops near the Hungarian capital and that a truce was being arranged.

Reports Vary  
Simultaneous reports quoted the Morgenpost, a daily newspaper, as saying Budapest had capitulated and that Horthy had been forced to flee and another to the effect the former emperor had been assassinated.

Whatever the actual situation in Hungary at the moment, the possible success of the Karl coup d'etat is certain to be short lived. The allies have sent an urgent note to Hungary demanding that the former emperor be expelled. The greatest indignation is expressed in England and France over the incident.

Czechoslovakia and Serbia have mobilized their troops on the Hungarian border, ready to invade if the attempt to put Karl on the throne succeeds. The Czech cabinet considers the success of such a move a cause of war. It was believed the allies would not interfere if the "little emperor," Serbia, Czechoslovakia and Rumania, wished to step in and capture Karl.

The Empress Zita is with her husband, unless the report of his assassination proves true. She flew with him from Switzerland and was reported to be at his side at the head of the troops with which the coup was attempted.

War Danger Slight  
The danger of a central European war is less than it might appear for Karl fighting many of his countrymen who are loyal to the Horthy government and surrounded by enemies of the "little emperor," could not long hold out. He would probably go into exile voluntarily to save his country from being over run.

The next asylum of the former emperor, if he lives, to go into exile, will be Spain. He will be closely watched there. The Swiss government which feels bitterly at Karl's breaking of his parole, would never take him again.

Paris—A suggestion that the former Emperor Karl of Hungary be exiled in the United States after he is caught was raised at the ambassador's council Monday.

After dispatching a formal note to the Hungarian government, demanding the expulsion of Karl, the council discussed what was to be done with the revolutionary forces, various plans, including several in the western hemisphere, were suggested.

A decision will be reached on Wednesday.

Vienna—Former Emperor Karl has been defeated in a battle at the very gates of Budapest and his troops have been thrown back from the city the official Hungarian agency announced Monday.

Advices sent out by this agency stated the battle took place between Budapest and Budan. Karl with from ten to twenty thousand troops, attacked fiercely. He was repulsed and prevented from entering the capital. It was announced.

Geneva—"It was only in response to the urgent appeal of my subjects that I go home to rule," Ex-Emperor Karl of Hungary wrote in a farewell note to the Swiss government published Monday.

It was denied here that Count Apponyi would participate in Karl's government if one were set up.

Washington—The United States will remain aloof from the incident of the attempted coup on Hungary by former Emperor Karl, it was declared Monday at the state department. This is in line with this government's policy in having nothing to do with central European affairs.

State department officials also denied a report that Ambassador Herrick at Paris had asked for instructions in the Karl incident.

IDENTIFY SUICIDE AS  
MISSING CHICAGO BANKER

Miami, Florida—The body of the "mystery man" believed to be that of Warren C. Spurgin, missing Chicago banker, was held here Monday pending further identification.

The body was identified last yesterday by W. F. Bennett of Miami, an intimate friend of the banker. The man had committed suicide in a local hotel room.

# Disfavor of War Laws Hurts U. S. Authority

Ability of Government to Avert  
Rail Strike Will Depend on  
Other Powers—May Rush  
"Teeth" into Esch-Cummins  
Bill.

By David Lawrence  
Copyright, 1921, by Post Pub. Co.

Washington—Powerless to invoke any wartime laws because of a feeling that public sentiment would not sanction such a step as the use of a formal proclamation of peace approaches, the administration is really without any special authority to stop a railroad strike.

This disclosure has followed upon a search of the statutes to see if there was not some specific law which applied to the present situation. In "time of war" as the national defense act reads, the president "has" plenty of power. He can even take over the operation of the railroads. Of course, the president could in time of peace proclaim martial law in any section of the country where a disturbance occurred and assume control of the railroads in that particular section. Such an extreme course is not likely, however.

There is a confidence rather that the powers of public opinion will compel obedience. The use of the injunction is being talked about again but the controversy, which resulted from the application of that idea when a coal strike was threatened, has left an unpleasant taste legally and none of the government officers feel that it ought to be done.

On the other hand, the powers of congress to control interstate commerce have been derived from interpretations of the constitution and have been sanctioned by the supreme court of the United States. Almost overnight an amendment could be passed by congress to the Esch-Cummins law imposing penalties upon anyone who violates the decisions of the United States railroad board. It seems practically certain that Mr. Harding will not rely upon some uncertain powers as phrased in a statute originally written for some other purpose. It isn't in his makeup to resort to quibbling or ambiguities. He will, moreover, want the full backing of congress in the emergency. The announcement from the White house that wartime powers would not be invoked has been warmly approved in congress where it feels that with such an issue at stake no move ought to be made without specific authority from the legislative body of the government. Unquestionably individual efforts will be made to put teeth into the Esch-Cummins law but the decision of the administration itself on that point is still held in abeyance.

The trouble about bringing up some time law is that the strike would only be postponed. What is really sought by all sides is a permanent settlement or a definition, at least, of how far employers on the one hand can organize for the purpose of standardizing employment and laws for employees can organize to interrupt commerce and injure the public welfare.

MILWAUKEE HAS USUAL  
NUMBER OF INJURIES

Milwaukee—One person was killed and nine were injured as the result of automobile accidents here over the weekend.

Arthur Mantel, 22, died at Emergency hospital last night from a basal skull fracture, sustained when the automobile in which he was riding, struck a concrete mixer alongside the road, throwing him headlong against the mixer. The four other occupants of the car were only slightly injured.

Five other persons were injured in accidents when their automobiles turned over while driving along the highways near here.

## 1 KILLED, 9 HURT IN AUTO COLLISION

By United Press Leased Wire  
Heaver Dam, Wis.—One man was killed instantly, a man and woman seriously injured and four children and three men slightly hurt, when two automobiles collided on the concrete Fox Lake road, near here yesterday afternoon.

Peter Growtiski, driver of one of the cars, was killed instantly when he was thrown through the windshield. Three men in the car with him were injured.

A. C. Bramer, traveling salesman of Horizon, driver of the other machine, stated he and his family were returning from Fox Lake and at a slight turn in the road, saw a car approaching. Suddenly another car turned out from behind the first and tried to pass. Mrs. Bramer was severely cut about the head and her condition was said to be critical.

The new franchise includes the old rate of fare.

SAY BODY IS NOT  
THAT OF SPURGIN

Miami, Florida—That the body of the "mystery man" who committed suicide in a local hotel Thursday night, is not that of Warren C. Spurgin, absconding bank president of Chicago, was the belief of police Monday following investigation.

"The physical measurements do not tally," said a police announcement.

The body had been identified by W. F. Bennett, friend of Spurgin, as that of the missing banker.

PERMIT BEER FOR  
USE AS MEDICINE

Washington—Secretary of the Treasury Mellon Monday approved and signed regulations providing for the manufacture and sale of beer for medicinal purposes.

The regulation has been held up for months pending action by congress on the Willis-Campbell beer bill. Secretary Mellon came to the conclusion that his department has no longer the right to hold regulations that were required by existing law, it was stated.

A confederate is believed to have escaped.

## WAGE CLOSING FIGHT TO OUST N. P. LEADERS

North Dakota Fight Waxes  
Warm as Special Election  
Friday Draws Near

By United Press Leased Wire  
Fargo, N. D.—North Dakota's war of words will soon be over.

The state administration will survive or perish in the recall election Friday.

Every political agency was keyed to feverish work Monday as speakers for both sides started the last swing around the circle.

It is the first time in America's political history that voters have attempted to oust a state executive by means of the recall.

Independents not only seek to recall Governor Lynn J. Frazier and his team mates on the state industrial commission, but to thwart the Nonpartisan league program in the state by means of initiated laws and constitutional amendments.

If the amendments pass, it makes little difference about recall of the state officials, according to Nonpartisan; their program would be lost anyway. In view of this, they have sought to make the proposed laws the big issue rather than the recall.

Independents have accepted the issue and have brought the best available speakers against the nonpartisan league and its principals into the state for the cleanup campaign.

Governor Frazier of Minnesota, who defeated a Nonpartisan opponent in the last election, was starting a four day tour Monday. He was to speak at 11 a. m. at Grand Rapids, and later in the day at Lisbon and Valley City.

United States former Senator A. J. Gronna, and Representatives Burnett and Young are also participating in the windup campaign.

Government Files Suits  
To Smash Price-Fixing  
Schemes Of Cement Men

By United Press Leased Wire  
Chicago—Suits to break up the so-called "cement trust" were filed here Monday by District Attorney Charles F. Cline, acting on instructions from Washington.

The Midwest Cement Credit and Statistical bureau, whose twenty-four members produce one-third of the Portland cement made in the United States, was sued for alleged conspiracy in restraint of trade under the Sherman anti-trust act.

B. H. MacFarland, head of the Atlas Portland Cement company, New York City, is head of the bureau and was named in the suit.

Suits against four other cement associations in the United States are to be filed soon, according to an announcement of government attorneys.

These are the associations of cement manufacturers against whom suits are to be filed according to Operating Roger Shale, of the department of justice, Washington.

MORGAN BLAMED  
FOR MINGO WAR

Washington—The United States Steel corporation and J. P. Morgan and company were charged Monday with "responsibility for a campaign of espionage and murder" in the West Virginia coal fields by Frank P. Walsh, noted labor leader and counsel for the when the senate labor committee resumed its investigation of the Mingo mine war.

With a dramatic gesture toward the black carbon figures of Mrs. Sid Hatfield and Mrs. Ed. Chambers who sat together in the crowded committee room, Walsh charged that their husbands who were shot down at Welch, W. Va., had been murdered by the hired assassin of Judge Elbert H. Gary, chairman of the United States Steel corporation.

Panic Was Caused in American  
Embassy When Unkempt  
Stranger Enters

By Webb Miller  
Paris—A panic was caused in the American embassy Monday by the entrance of an unkempt, hatless individual carrying a package wrapped in oil skin.

Employees fled in every direction. The man was seized and arrested. He claimed to be Joseph Mikulec, a pedestrian globe trotter, and that he wanted to see Ambassador Herrick's autograph. His package contained his autograph book, he said.

One extremely and literally sore communist deputy, sixteen reds behind the bars at the Sanite, one unexploded bomb similar to that sent Ambassador Herrick in possession of the police, and a considerable feeling of relief was the sum total Monday of the great communist demonstration Sunday for the release of Sacco and Van Zettl, convicted of murder at Dedham, Mass.

Dietz Wants  
\$5,000 From  
State Chest

By United Press Leased Wire  
Madison—John Dietz, defender of Cameron Dunn for a life sentence in the state prison by Gov. Blaine, Monday appeared before the governor and state board of control and presented a claim for \$5,000 compensation for illegal imprisonment under the Holmes law.

"I offered \$1,000 for any evidence tending to show that Oscar Harp is dead, but I did not get a reply, John Dietz told the governor.

"I cannot find the report of the coroner's jury nor of the permit is sued for the burial of Harp."

Dietz insists he did not kill Harp, a deputy sheriff, for whose murder he was convicted.

The governor will take the claim under advisement.

# U. S. Injunction May Be Used To Stop Strike

## Board Hopes Now To Stop Strike Move

Public Statement Warns People  
Not To Permit Loose Talk—  
Big Five Expects To Precipitate  
Nationwide Tieup Without Help.

By Carl Victor Little  
By United Press Leased Wire

Chicago—The United States railroad labor board Monday declared that there was every reason to believe the rail strike set for Oct. 30 would be averted.

The board called on the public to refrain from "loose talk" on the strike situation.

"The public should believe that both parties to this controversy are struggling in good faith to solve the difficulty," the board declared.

The statement was the first public utterance of the board since it called the conference of the five big brotherhoods and railroad executives for next Wednesday.

Statement Is Optimistic  
The statement of the board is as follows:

"There is a great reason to hope the strike will be averted. The railroad labor board has settled 70 disputes between railroads and their employees in a year and a half.

"The board is anxious to get the present dispute out of the way to order that the restoration of sound business conditions may proceed.

"All good Americans should refrain from loose talk and provocative language about either side of the controversy now pending. Let the public assume that both parties to this controversy are struggling in good faith to solve some of the difficult industrial problems that are the aftermath of the war, and that all governmental agencies recognize the complexities of the situation, and are anxious to be useful in their solution.

"Neither of the parties should be alarmed or irritated by unwarranted denunciations, or insinuations from irresponsible sources. The board is responsible for securing a settlement.

Ben Hooper, former governor of Tennessee, and representative of the public on the board, wrote the statement to the public.

All board members signed it.

"With a general railroad strike already averted, the United States railroad board Monday drew up proposals to submit to the five big brotherhood chiefs and railroad executives at Wednesday's meeting.

It was pointed out that the brotherhoods, backed only by the telegraphers' union, would have but a slim chance of gaining concessions if they struck almost without support, and against the wishes of the government.

Labor board members were awaiting an answer to its telegraphic order to strikers on the International and Great Northern railroad of Texas demanding the men go back to work. The strike was called Saturday as a "warning" of the impending Sunday strike.

Signalmen over the country Monday were marking their strike ballots sent out by the general officers here.

The decision of the signalmen, the only railroad organization that has not taken a definite stand for or against a strike, will be known Wednesday, it was said. There are 15,000 in the organization.

The following unions, having a total membership of 404,500 have decided to strike Sunday unless a favorable settlement is reached in the meantime:

Trainmen, engineers, firemen, conductors, switchmen and telegraphers. Cleveland, Ohio.—Brotherhood chiefs emphasized Monday that railway service could be as effectively halted by their own efforts as with the aid of associated unions.

In this way they minimized the continued defection from their ranks of rail employees who previously had been counted upon to join the general progressive strike, scheduled to begin next Sunday.

A statement by Warren S. Stone, president of the Brotherhood of Locomotive Engineers, reiterated that the rail employees are "patiently waiting for any developments that would offer a solution to the situation."

At the same time, Stone made plain that the brotherhoods intend to place the onus, should the strike materialize, squarely upon the railways and the labor board, by asserting that the board apparently is unable or has failed to protect the unions from the "onslaughts" of the railways.

## HOPE FOR AVERTING RAIL STRIKE GROWS

Hope for averting the threatened railroad strike grew Monday.

Belief that the strike would be halted was expressed by the railroad labor board in an official statement.

The sentiment was backed by unofficial expressions at Washington, where Attorney General Daugherty, conferred with district attorneys. It was understood injunctions in case of a strike were discussed.

Despite the fact that other railroad unions have declined to join them in a strike and that officials of the American Federation of Labor oppose a strike at this time, chiefs of the big five brotherhoods in Cleveland went ahead with preparations for a walkout, declaring they alone could tie up transportation.

Public Will

With Gompers Opposing Sympathy Strikes of Other Unions, Government Officials Believe Backbone of Strike is Broken.

By Herbert W. Walker  
By United Press Leased Wire

Washington—The possibility of federal injunctions in the event the railroad strike materializes was limited at by Attorney General Daugherty Monday.

The injunction, if the government determines on such action, might be to tie up the "big five" brotherhoods' funds or attempt to restrain the strike call on the grounds that it is a conspiracy to interfere with the interstate commerce.

Daugherty announced Monday that he is organizing the department of justice to "protect the public interests wherever and whenever it is necessary."

The government can petition for an injunction whenever public interest is threatened, Daugherty said.

He called at the White house Monday to confer with President Harding over the strike situation. Later Monday, federal district attorneys from New York, Buffalo, Chicago, Cleveland and Indianapolis will assemble at Daugherty's office to receive instructions as to procedure if the railroad employees walk out.

Labor Leaders Opposed  
High officials of the American Federation of Labor are opposed to a rail strike at the present time. It was learned Monday.

Every effort will be made by federation leaders here to discourage strikes by other groups of union labor in sympathy with the rail strikers, according to a high official, believe the strikes at this time will cause organized labor to lose many of the advantages gained during the war and will not bring any permanent beneficial results. In fact, labor leaders think industrial interests are welcoming strikes as a means of breaking up organized labor and installing the open shop.

Gompers, it is learned, has been in communication with leaders of the railroad unions that have declined to strike, urging them not to walk out. Government officials now are confident that the backbone of the strike has been broken.

Officials Run Engine

Houston, Tex.—Railroad officials, strike breakers and union men were working together on the only switch engine operating in the local International and Great Northern yards Monday.

The fireman and engineer on the engine were union men. Switchmen and brakemen were strikebreakers. O. J. Brown, superintendent of terminal for the road, was engine foreman. J. W. Marshall, trainmaster of the Fort Worth division, was yardmaster.

The switching crew worked under "armed neutrality," two armed guards being stationed on the engine, and fifty others patrolling the yard. Local policemen were stationed around the railroad's property here.

Keep Hands Off  
Palestine, Tex.—The strike of trainmen on the International and Great Northern went into its third day today with union officials declaring they have adopted a hands off policy and that they will make no attempt to prevent resumption of service.

# HOUSE DESTROYED WHILE FAMILY IS VISITING FRIENDS

Harry Cotter Residence Reduced to Ruins in Sunday Morning Blaze

All that Harry Cotter and family found of their home at 540 Weimar-st. on their return home from Bear Creek late Sunday after an absence since 8 o'clock in the morning was the charred ruins. Fire of undetermined origin was discovered by neighbors about 11 o'clock in the morning. All the furniture and household possessions except a few articles in one bedroom were consumed and the house owned by Harry Horn was about half burned up. The fire had gained such headway before it was discovered that nothing could be saved. The fire department experienced some difficulty in subduing the flames because the house was far from a hydrant. With the aid of chemicals and one line of hose stretched for several blocks the fire was gotten under control before it consumed the house entirely. The entire structure was ablaze when the department arrived. Two of Mr. Cotter's sons who stayed at home were in the house until about half an hour before the fire was discovered, but examined the fires in the stoves before they left to see that everything was all right.

# Veteran Railroad Man Recalls "Wood Burners"

William L. McFarland, who has had charge of the repair work of the water power tracks of the Northwestern Railway Co. for the last 21 years, has seen 35 years of railroad service. He started in as a section hand in 1883 on the branch line of the old Wisconsin Central road running between Plainfield and Portage. At that time the road was still using wood for fuel and Mr. McFarland recalls the first attempt that was made to burn coal. The engineer was 22 hours in making the trip from Stevens Point to Portage, a distance of 72 miles. The trouble was due to inability to keep up steam, neither the fireman or the engineer being familiar with coal. They finally reached their destination, but not until they had appropriated the supply of wood of all the depots along the right of way. Mr. McFarland also recalls several instances of fighting fire that got into woodpiles along the track. The wood was usually set on fire by the old wood burning engines that constantly threw out live coals. The only way a fire could be stopped was by making a gap in the pile of sufficient width to prevent the flames from leaping. The fires were frequently so hot they twisted the steel rails beside them. White oak was plentiful in that part of the state and was the principal wood used by the railroads. It was hauled to the right of way by the farmers during the winter who were paid 90 cents a cord. The wood was usually two feet in length. It was always the duty of the section men to help load the tender of an engine with wood if they happened in its immediate vicinity. "We handled them as if they were made of glass," said Mr. McFarland, in speaking of the first steel rails with which he had any experience. "We were told they would break easily, he said, and handled them accordingly. We were not long in discovering that we had been misled, however, and took no further precaution. The first steel rail was known as a 50-pound rail while those now in use are 120-pound rails." Iron rails were used exclusively when Mr. McFarland started railroad-ing. The life of an iron rail was short as it soon flattened out, especially at the joints, if traffic was heavy. At that time the heaviest locomotives weighed no more than the ordinary

# PAY \$50 FINES FOR SHOOTING RABBIT

Violation of Game Law Brings Stiff Sentence — Two Others Arrested

Joseph Hornig and Charles Blake of the town of Seymour appeared in municipal court Monday morning and each paid a \$50 fine and \$2 costs for the privilege of killing a rabbit out of season.

The two men were arrested upon complaint of Game Warden August Wolf. The complaint stated that "they did hunt, take, kill and pursue a wild animal, to wit a rabbit, it being then and there the closed season for rabbit." Both came into court voluntarily and said their fines. William Buss and Raymond Gonn of the town of Maine were arrested on complaint of Game Warden Arthur Tie on complaint of having green muskrat skins in their possession and were brought into municipal court to answer to the charge. They denied their guilt and Judge A. M. Spencer continued their trial until Saturday. Within an hour later they returned to the courthouse and asked that they be permitted to plead guilty but the absence of the judge during the noon hour made this impossible at that time.

# Too Much 'Moon' Blinds Driver; Runs Into Ditch

Things are not what they seem especially when a man has a glass too many of moonshine or homebrew. A man drove his automobile north on State-st., Sunday. Instead of turning to the right or the left when he got to the end of the street at Second ave., he kept going straight ahead and ran into a ditch and an obstruction. "I wonder when they closed this street" he remarked in maudlin tones a minute later as he surveyed the smashed windshield and after damages to the machine.

switch engine and the capacity of the average freight car was 40,000 pounds. The average freight car now has a capacity of 100,000 pounds. Instead of angle bars to which the ends of the rails are now firmly bolted steel grooves were used in the early days to join the rails and had nothing to secure them further than the spikes holding the rails in position. The ties were mostly white oak, hemlock and birch. Maple treated with a zinc preparation which makes them shed water is now used to a great extent. By the use of this treatment the life of the ties is prolonged from about four years to twelve years. Mr. McFarland remained with the Wisconsin Central road for 17 years. He then removed to Appleton and has been with the Northwestern company ever since. In speaking of the fill that has recently been made on the sidetrack near the north end of John-st., Mr. McFarland said it is the policy of railroads to do away as much as possible with trestlework because of the high price of timber.

# Invites Folks To Take Look At The Stars

Star gazing is supposed to be the pastime of the moonstruck youth, but when it is done scientifically it becomes fascinating to more mature minds. The Lawrence college observatory is open to the public every Thursday evening until Dec. 1, and any who wish to see stars are invited to call on Prof. J. C. Lymer between 8 and 9 o'clock.

"The best time of the month to look at stars is when the moon is half full," said Dr. Lymer Thursday. "There will be no more eclipses this year. The one a week ago was not particularly interesting to watch through the telescope since the most interesting phase of its development occurred before it had risen far above the horizon. The night of Nov. 10 will be the best time before we close the observatory this fall to see the heavens. We will be glad to have any who are interested come at that time or any other Thursday evening."

# FINISH CONCRETE ROAD THIS WEEK

The Appleton Construction Co. expects to complete its pavement contract on trunk line No. 15 by Thursday night providing the weather is favorable. The road between Fond du Lac and Theresa is to be opened Saturday. A stretch of five miles, between Lomira and Theresa is unimproved and then comes the five miles of new pavement about completed by the Appleton company. The Gross Construction Co. of Appleton has just completed a several miles contract on the same trunk line and when these two sections are opened to traffic it will leave only about 15 miles of unimproved highway between Fond du Lac and Milwaukee. When the gaps are closed next season it will be possible to go from Green Bay to Chicago on concrete pavement.

# HOLSTEIN MEN TO HOLD ANNUAL MEET HERE NOVEMBER 17

Officers Will Be Elected and Development Program for 1922 Arranged

Thursday, Nov. 17, has been set for the annual meeting of Outagamie County Holstein Breeders' association, to be held at the court house. Officers have arranged for a business meeting at 10 o'clock. In the morning, to be followed by a banquet at noon at some local hotel. The business session will be finished and several speakers will be heard. There are 138 men in the county who own one or more purebred Holstein females, and the association intends to have all of these breeders present. A program to advance the purebred industry during the coming year will be arranged and officers will be elected. The incumbent officials are Walter Weicker, president and Edward C. Mueller, secretary. Breeders feel that there is much to accomplish in this county, and that dairymen should join forces to give the work the enthusiasm needed for constructive development work. They feel that an energetic program is needed if this county is to keep pace with others that are leading in the dairy cattle business, especially since so many organizations are coming to the front.

# NATIONAL SCOUT LEADER IS COMING

Chief Executive West Changes Plans for Conference in Appleton

James E. West of New York, chief executive of the Boy Scouts of America will attend the conference of state scout executives in Appleton Friday and Saturday of next week according to a telegram received Friday by Scout Executive Howard Duck. Previous word stated that Mr. West would be unable to attend the conference here but that Lorne W. Barclay, director of the department of education of the Boy Scouts, would come instead. Under the new arrangement both national scout leaders will be here for the conference.

Executives from all the scout organizations of the state will gather here on this occasion for their annual conference which is being held in Appleton for the first time since the organization of the Boy Scouts in this country.

During their stay here, scout leaders and executives will make their headquarters and hold their conferences in Hotel Appleton. The annual meeting of Appleton Scout council will be held next Friday evening.

# LETTER CARRIER HURT IN AUTO COLLISION

Robert Schmieg, a letter carrier, had his face badly cut late Friday afternoon when he was thrown from his bicycle at the corner of Appleton and Franklin. In a collision with a motor truck owned by A. A. Arnold, Schmieg was going west on Franklin-st. and the truck driver north on Appleton-st. The driver took the injured man to the office of a physician where he was given medical attention and then took him home.

# FARMERS SELL SPUDS RIGHT OUT OF FIELD

Farmers are selling most of their potatoes this season direct from the fields and are saved the trouble of taking them to town or to a shipping point. They are loaded on motor trucks by the buyers who dispose of them either to merchants or to private homes. A very small portion of the crop is being shipped out of the county. The general impression is the market will not go much lower.

# NUXATED IRON Helps make rich, red blood and revitalize weak nerves

**WEAK NERVES AND THIN BLOOD**  
RUE HEALTH OF THOUSANDS WITHOUT THEM EVER SUSPECTING THE REAL CAUSE OF THEIR TROUBLE—IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood. There are some who are iron deficient in their blood and each one must have iron. Without iron your blood also loses its power to change food into living cells and tissue, and nothing you eat does you the proper amount of good—you do not get the full strength out of it and as a consequence you become greatly weakened both in body and mind. If you are not strong or well you are it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. The test your strength again and see how much you have gained. Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach, because it is iron in the form of iron in your blood and like the iron in spinach, lettuce, and apples and not metallic iron which is poisonous. Your money will be refunded by the manufacturer if you do not obtain noticeable results. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N.I. on every tablet. Sold by all druggists.

At every station on the journey to the capital there were many soldiers—an evidence of governmental nervousness. And often we passed troop trains filled with youngsters bound for the battlefields in Morocco.

In Madrid itself the streets were thronged with soldiers. One saw them on guard at the residence of Premier Maura. No chances are being taken on his being assassinated as were Dato, Canovas and Canalejas, three of his predecessors.

# Likes City's Outdoor Hotel On River Bank

Perhaps no traveler has enjoyed the municipal tourist campsite at Alicia park any more than G. A. Long, Milwaukee sewing machine salesman. Mr. Long reached Appleton about two weeks ago, and became so attached to the beautiful surroundings on the river front that he pitched his tent at the park and has lived there, ever since. He expects to leave next week. Mr. Long's work takes him to a number of cities and towns near Appleton. He drives away in the morning in his automobile, leaving his dog to guard his tent. He returns at night to sleep. Arising early in the morning, he usually fishes for awhile and then prepares his breakfast. The traveler says he has enjoyed his stay. He plans to purchase a gun and will hunt when he moves further north into the wooded country.

# WEST BUYING ALL SURPLUS CATTLE

Neighboring Counties Receiving \$100 for Best Grades of Animals

Demands for dairy cattle by outside buyers are breaking all past records. A large number of cows have been shipped from Outagamie-co. and some neighboring counties are said to be cleaned out entirely of surplus animals.

It is said that in the western and southwestern parts of the United States, the cash value of corn is only 20 cents a bushel, and farmers see in the dairy cow a way of eventually realizing at least 50 or 60 cents a bushel through the profit on milk and beef.

Farmers have been puzzled as to just what price they should ask for their animals when approached by buyers. There have been so many changes in values that they no longer have a market to go by. Inquiries in neighboring counties reveal that the best young cows bring a top value of \$100 for grade cows that will freshen by Christmas. Others bring prices from \$75 to \$100. A carload of grade Holsteins sold recently in Waupaca-co. brought an average price of \$95 a head.

# CHURCH TO HOLD PLEDGE DAY SOON

Pledges toward the yearly budget of the First Congregational church are to be obtained by a new plan this fall as announced by F. J. Harwood at the morning service Sunday.

Mr. Harwood explained that one Sunday in November will be set aside as "pledge day". The usual custom of making an every member canvass will be dispensed with and each member will be expected to come to the church between designated hours and make his voluntary pledge.

An educational plan will be carried on in the meantime acquainting the

# A Health Lesson From Nature

**Health Talk No. 44 By James A. Rolfe, D. C.**  
NATURE — is perfection, and works in many peculiar ways to attain it. Unless perverted by accidental conditions it does attain a high standard of perfection. In man this means health. What causes disease? It must be an interference. Sever the roots of a tree and it will slowly starve and die, because the sap is shut off. Man's life may be likened to the sap of the tree. If the nerve cables are compressed where they leave the spine, due to one of the vertebrae slipping out of place, the life power is shut off and disease sets in, in those organs that should be fed thru the nerves. This pressure on the nerves can be corrected and health conditions restored by

# WORKERS RECEIVE INSTRUCTIONS FOR CLUB'S CAMPAIGN

## Leaders in Womens Club Believe City is Thoroughly "Sold"

"The Appleton Woman's Club is rapidly crystallizing into an entity, a real force for community betterment, and we feel that we have demonstrated to the community that we have done things worth while," said Mrs. D. O. Kinsman to some forty campaign workers gathered at the Appleton Women's clubroom Saturday afternoon to perfect plans for the membership and finance campaign this week.

"If we did only the usual club work, even in so large a club as ours, with all its varied departments, we need not go out into the community for help," said Mrs. Shannon finance chairman. "It is the unique work we are doing for the girls and young people of our city that makes this necessary." It was then reported that about half of the entire budget of last year was taken care of by club members—clubroom and hall rentals, departmental activities, speakers, entertainment features, school lunches, all incidental expenses and fees, and even a part of the recreational work for girls.

Workers were instructed in the "talking points" of the campaign, the leaders feeling that the club has been pretty thoroughly "sold" to the three hundred women's clubs of the state represented at the recent federation convention, to the members of the club itself, to the girls of the city, to many of the business men and women, and that the principal task left now is to "sell it to the rest of the community."

The democracy of the club was stressed by Mrs. Kinsman and it was pointed out that the organization is most unique in this respect. Any woman of eighteen or over, whether she lives in Appleton, the county, the state, or not, may become a member. A prominent Madison woman who belongs said: "I shall be a member of Appleton Women's club just as long as they will let me." A convention delegate said to a member: "Don't you find it wonderful to have a club where the woman of wealth and the woman who can hardly pay her dollar dues both take pride in belonging and working together. Where the woman of high education hobnobs with her neighbor of less schooling? Where the mother of healthy happy children is concerned about the mother and children in less happy circumstances?"

The objective of the campaign which is to take place Thursday and Friday of this week is to renew all old memberships, gather in as many new ones as possible, interest old and new members in all the things that the woman's club offers them, and secure sufficient funds to make it possible to carry on the work that has been begun.

At a lap supper to be given at 6:15 Wednesday evening at the clubroom the workers are to be given final instructions in the system to be used. A new feature will be a special "stunt" in personnel instruction and salesmanship. There will be other important features and every member of all campaign committees is asked to be present.

ment of the season at Forester home Monday evening. Prizes will be awarded.

## Class to Meet

The Young Married People's Bible class will meet from 7:30 to 8:15 Monday evening in First Congregational church. Dr. H. E. Penabody will continue instruction on "The Life of Christ."

## Tuesday Bridge Club

The Tuesday Bridge club will meet with Mrs. J. B. Frankland of Menasha at the Menasha hotel Tuesday afternoon.

# HUBBY IS JEALOUS

This is Miss Bee Palmer, New York actress, whose husband says he will sue Jack Dempsey, heavyweight champion, charging alienation of his young wife's affections. Miss Palmer has been engaged to go on a vaudeville tour with the boxer. Dempsey laughs at hubby's charges. Al Siegel, some writer, is Miss Palmer's husband.

# Cold Day Luncheon

It requires more clever planning to furnish a nourishing meal in a man's dinner pail than it does to plan every day meals for a week. The meal must vary from day to day and season to season and above all things must be appetizingly packed. A man who is working hard out doors or in a factory develops an appetite, but crushed and broken food day after day will pall on the most ravenous appetite.

A thermos bottle is indispensable for hot soup or coffee. A man can not keep in perfect trim without something hot at noon.

A man usually wants meat of some sort in his dinner pail. Meat loaf is ordinarily served hot but is quite as acceptable cold and is more economical than cold sliced roasts.

## Meat Loaf

One pound lean beef, 1/2 pound salt pork, 1 egg, 1 cup milk, 1 cup bread crumbs, 1/2 teaspoon minced onion, 1/2 teaspoon pepper.

Put beef and salt pork through the food chopper. Add bread crumbs and mix thoroughly and add egg slightly beaten. Add milk, onion and pepper. Mix well and pack in a deep pan.

Cover with buttered paper and bake an hour in a moderate oven. When cold slice and wrap each slice in cold paper. Plain bread and butter sandwiches, bran bread and orange marmalade sandwiches, ginger bread, hot coffee and an apple with a slice or two of meat loaf would furnish a satisfying lunch for the ordinary man.

## Ginger Bread

While ginger bread is usually preferred warm this rule makes a ginger bread that is very good cold.

One-half cup granulated sugar, 1 cup molasses, 1/4 cup butter, 1/4 cup lard, 2 1/2 cups flour, 1 teaspoon each cinnamon, ginger and cloves, 2 teaspoons soda, 1 cup boiling water, 2 eggs.

Cream shortening and add sugar. Add molasses. Mix flour and spices and add to first mixture. Dissolve soda in boiling water and stir into mixture. Stir until the batter is perfectly smooth. Add eggs well beaten. Turn into a dripping pan and bake in a moderate oven. It will take about forty minutes to bake.

## More Orders

No sooner had Cob rung off, than Mr. Sprinkle-Blow's telephone rang again. Nick answered it this time.

"Hello!" said he. "Who is it?" "Mr. Crow," came the voice. "Mr. Chris Crow Esquire."

"Ask him what he wants," whispered the weatherman, so Nick did so. "Darkness!" croaked Chris. "Just

said Sprinkle-Blow. "It looks as though the corn-crop might be short this year, doesn't it, kiddies. What shall I do?"

Just then the phone tinkled again. "This time Sprinkle-Blow answered it himself. It was Farmer Smith.

# CONDITIONS IN EUROPE MUCH WORSE THAN HERE

Mr. and Mrs. William Ogilvie returned Saturday night from a three months' visit in England and Scotland. They found conditions much worse than in the United States and said that people of the larger cities are in actual want of food and clothing, while those in the rural districts were more fortunate. They made the voyage home on the Aquitania which was four and one-half days in making the trip. Among the passengers were Mary Garden of grand opera fame, and Admiral Beatty. Mr. Ogilvie spent considerable time in London, and while familiar with both New York and Chicago says there is something about the metropolises of the world that he prefers to either of the American cities.

## U. S. FARMERS IN NEED OF "DOCTOR"

Chairman of Investigating Committee Tells of Plans for Relief

By Norris Quinn  
Special to the Post-Crescent  
Washington—The farming industry in the United States is seriously sick and needs first aid promptly.  
That's what the Joint Committee of Agricultural Investigation will tell Congress when it submits its final report next January. The committee is continuing the investigation it started in June into every phase of American agricultural conditions.  
Representative Sydney Anderson of Minnesota, chairman of the committee, says findings of the investigation have blasted popular ideas of the farmer's prosperity.  
"Before this investigation started," Anderson said, "everybody thought that 'liquidity' was complete as far as the farming industry was concerned. We've exploded that."  
"We've shown that, instead of increasing the volume of loans at Federal Reserve Banks in agricultural districts was on the upgrade up to June.

**DANCE**  
at Greenville Park Pavilion, Wednesday, Oct. 26th. Music by the Aerial Orchestra. Everybody come.

creasing the volume of loans at Federal Reserve Banks in agricultural districts was on the upgrade up to June.

"Why? Because the low prices late in 1920 and early in 1921 didn't yield the farmer enough profit to liquidate his debts."  
"By the end of this year the farmers will be right back where they were in 1913."

**Causes of Trouble**  
Anderson says these are the causes of agricultural sickness:

ONE—Low prices of the things the farmer sells and high prices of the things he buys.

TWO—Decline in exports, especially livestock.

THREE—Dropping off of domestic consumption of farm products.

FOUR—High freight rates.

FIVE—Credit limitations.

**Cures for Trouble**  
The Joint Committee in its January report will recommend these measures to help the farmers:

ONE—Provide the farmer with the same credit facilities as other business men enjoy.

TWO—Permit him to organize his selling power by joining co-operative marketing associations, removing the bogey of prosecution under the Sherman act.

THREE—Give him accurate current agricultural statistics on which he can base his production and marketing.

## BURGLARS ENTER TWO STORES IN KAUKAUNA FRIDAY

Tea Shop and Hardware Store Visited—Towsey Infant is Dead

Kaukauna—Muholland's Tea Shop and Butler-Dietzler hardware store were entered by a thief Friday night and robbed of several dollars worth of goods. Muholland's was visited between midnight and 1:30 according to John Hitting, night officer. Mr. Hitting said the light over the cash register was on when he made his round at 12 o'clock but at 1:30 the place was dark. Investigating, the officer found the back door of the shop had been forced open. The proprietors were summoned and a check-up revealed that box candy, valued at about \$50, \$2 in change and cigars and cigarettes were missing. An attempt was made to force open the desk.

That the Butler-Dietzler hardware store was robbed by the same persons, is the belief of the police, who found a shell and a revolver in the alley near Muholland's while investigating that robbery. Entrance to the hardware store was gained by breaking a back window. The loot consisted of a small gun, two boxes of shells, three flashlights, and watches.

## FROM MOVIES TO DIVORCE COURT

Boston—Thousands of eyes watched her when, on the silver screen, she played a role opposite Caruso.

Today she is the central figure in divorce and alienation suits.

She is Frances Stuart Murphy, model and screen star, who as Frances Stuart was chosen by Caruso for a role in his screen production.

Her husband, Joseph A. Murphy, millionaire, whom he sues for \$100,000 for alleged alienation of his wife's affections.

The wife is quoted as saying, even up to the time of the present proceedings: "I love Joe; there is no other man I care for as I do my husband."

The husband is quoted as saying that he still thinks very much of his wife, but that he cannot bring himself to the point of forgiveness.

Murphy's counsel has introduced letters which he says were compromised. Meanwhile the co-respondent denies all the charges of the husband.

## Farmers Soon May Sit Home And Hear Concerts

Madison—Dozens of amateur radio operators over Wisconsin and Illinois are known to have "listened in" Thursday night at the concert given at the University of Wisconsin by Miss Mabel Garrison and which was "sent out" by wireless from the university station.

A brief statement in a few newspapers that the Garrison concert could be heard over the wireless attracted the attention of many radio enthusiasts and word is already being received at the University from all over the state telling of the wonderful success of the experiment.

With the development of the radio-

fone which is now being installed by many farmers to secure the market reports daily from the department of markets, it will doubtless be but a comparatively short time until hundreds if not thousands of farmers in the state of Wisconsin will, with the aid of an amplifier, track their families to concerts, etc., in their own homes at the same time such entertainments are being given at the university.

The state department of markets and the university extension department are cooperating in extending the advantages of the university to the people of the state.

## SILVER JUBILEE OF LUTHERAN PASTOR

Twenty Lutheran ministers from the northwest district of the Wisconsin synod attended the Fox River Valley conference of ministers at St. Paul Lutheran church in Dale Tuesday and Wednesday of last week. A special service, followed by communion took place in St. Paul church on Tuesday. The confessional address was delivered by the Rev. M. Schroeeder and the sermon was preached by the Rev. G. Gerth.

The visiting pastors went to Maple Creek Wednesday evening, to attend the celebration of the twenty-fifth anniversary of the ordination of the Rev. Theodore Brenner. Members of his parish had made elaborate preparations for the event. At the special service in the church, the Rev. A. Zich preached the pulpit sermon, the Rev. E. Redlin conducted the liturgical services, the Rev. Mr. Uetmann presented the gift of the conference brethren and the Rev. G. Roetcho spoke in the name of the elders of the parish. Mr. Brenner responded with an address of thanks. A dinner was served by members of the congregation.

Murphy, Mr. and Mrs. Nick Liesch, Mr. and Mrs. Cyril Weyenberg, Mr. and Mrs. George Schommer, Miss Adeline Schommer, Miss Francis Liesch and Mr. and Mrs. Leo Schommer. The evening was spent in cards and music. A delicious lunch was served.

## ILLUSTRIOUS WAR HEROES HERE FOR ARMS CONFERENCE

Beatty and Venizelos Were Men  
Who Cared Only for Their  
Country's Cause

By Col. Edw. M. House  
Copyright 1921 by Ledger Co.  
Philadelphia.—The Aquitania brings  
us two men of wide renown—Lord  
Beatty and Eleutherios Venizelos.  
They are but the advance guard of  
others of equal eminence—Ferdinand  
Foch, David Lloyd George, Balfour,  
Diaz and Aristide Briand, and their  
like. Never before has our country  
been so honored in its guests; and our  
people will well understand how to  
give them welcome.

The coming of the illustrious Greek  
statesman and the hero of the grand  
fleet, stir the imagination. There is  
something of romance and mystery  
hovering about the names of each.  
Venizelos recalls a civilization which  
was in flower before Great Britain  
had emerged from the mists of the  
unknown; a civilization to which the  
entire world owes an everlasting debt.  
He also brings to mind memories of  
those early days of the war when  
Greece was balancing between the  
contents and the central powers. His  
courageous fight against his king and  
the final defeat of the German party  
marked an epoch in the war.

Was Heroic Sailor  
As to David Beatty, he won his ear-  
dom in a day and took his place  
among those intrepid sailors who  
have made Great Britain the mistress  
of the seas. It is a far cry from  
Salamee, the first great naval encoun-  
ter of which history has an adequate  
record, to the Battle of Jutland, but  
enough, these two memorable battles  
have much in common. In each in-  
stance the fate of the world hung  
upon the issue, and neither was de-  
cisive because of divided counsel.  
Beatty was the Themistocles and Jelli-  
coe the Eurybiades of Jutland. The  
one wished to push on to decisive vic-  
tory, the other felt that sufficient had  
been accomplished, and refused a risk  
which seemed to him unwarranted. In  
both wars success finally came  
through the triumph of arms on land.

There are those well versed in naval  
strategy who believe that had Beatty  
been in full command of the British  
fleet upon that historic thirty-first  
of May, German sea power would  
have been obliterated and the world  
war shortened by a year. Speculation  
as to what might have been is always  
more or less futile; but one turns  
from thoughts of the Battle of Jut-  
land with feelings of regret. Jellieco  
"played safe," and thereby, in the  
opinion of many, saved the allied  
cause. The brilliant, the daring and  
impetuous Beatty would have fol-  
lowed the traditions of a navy hav-  
ing for its inspiration the deeds of How-  
ard, Hawkins, Drake and Nelson; and  
he would have flung his fortunes  
upon a single throw and would have  
asked for nothing save victory or  
death.

## CALLS FOR HELP ARE ON INCREASE

Badger Cities Are Cooperating  
With Government to Re-  
lieve Unemployment

Madison.—Considerable progress has  
been made in Wisconsin toward  
carrying out recommendations of  
President Harding's national unem-  
ployment conference, dealing with  
the unemployment problem next  
winter. In cities where there is con-  
siderable unemployment, committees  
have been organized to deal with this  
problem.

The eleven free employment offices  
of the state referred a total of 8,447  
persons to positions in September.  
During this last month, there was a  
considerable increase in calls for help,  
especially for woods laborers.

Wisconsin gave attention to this  
problem even before the president's  
conference. Governor Blaine urged  
the necessity for aiding the unem-  
ployed next winter in his Labor day  
message. His recommendations were  
substantially the same as those of  
the Washington conference. Before  
the conference, emergency employ-  
ment committees had been organized  
in Racine, Milwaukee, La Crosse and  
Superior. The plan of action agreed  
upon in Milwaukee has been sent by  
Secretary of Commerce Hoover to  
other cities throughout the country.

The industrial commission is in  
close touch with the unemployment  
plans in Wisconsin, and is trying to  
coordinate all plans for emergency  
employment in the employment offi-  
ces. Wisconsin has a larger number  
of free employment offices in propor-  
tion to its population than any other  
state. In connection with several of  
the offices, advisory committees have  
been organized, composed of repre-  
sentatives of both employers and em-  
ployees, to render it certain that the  
employment service will, at all times,  
remain neutral.

## A PEEP INTO OUR STOCK ROOM

while we were preparing for this Master Blanket Selling Event would have been a revelation to the citizens of  
Appleton. The average mind could hardly grasp the significance of such a vast collection under one roof.

Blankets, blankets everywhere — Piled on tables, piled on boxes, piled on the floor—Huge packing cases filled  
to the overflowing with hundreds and hundreds of the finest blankets in the land, fresh from their crackling, new  
dust-proof wrappers. They seem to fairly radiate a pleasant warmth and comfort.

There are cotton, pure wool, part wool, and cotton mixed. You will find the wool finished cotton ones, too, and  
then there comes the dark colored Bath Robe and Two-in-ones. Then there are great, big, warm Auto Robes that  
defy the coldest winds that blow.

ALL ASSEMBLED HERE THIS WEEK AT PRICES IN MANY  
CASES LESS THAN ONE-HALF OF LAST YEAR'S PRICES.

Here is a message of mighty importance to every housewife

### 75% All Wool Blankets

These blankets are often advertised by unscrupulous ca-  
talogues houses as being all wool but the truth of the mat-  
ter is that it contains 25% cotton. Nevertheless it is a  
wonderfully good wearing blanket. Pretty plaids, good  
colors full 66 by 80 inches. Weight 4 pounds. Per pair—

\$5.75

### Extra Weight Pure Wool Blankets

These blankets weigh a good strong 4½ pounds and are  
also guaranteed pure wool. They are very heavy and  
closely woven and are shown in block patterns in tan,  
blue, orchid, gold and pink. Measure 66x80 inches and  
we are very anxious to show you these wonderful blan-  
kets even if you are not ready to buy. Better ones can-  
not be found at per pair—

\$9.45

### Down Pillows

These pillows surely remind one of the old days of the  
home made down pillows that were mighty soft—but were  
always spilling feathers all over the place. These are  
just as soft but they are feather proof. These pillows are  
made of blue and white Art Pillow Linen, that just can-  
not let the fine down through. Sizes 21x27. Priced per  
pair—

# LAWRENCE AND HIGH SCHOOL GRID TEAMS WIN GAMES

## Lawrence Shows More Class In 36 to 9 Win Over Beloit Grid Team

Blue and White Squad Outplays State Line School—Backfield Shows More Speed—Fumbles Spoil Chances to Score.

Those Lawrence footballers didn't look so bad last Saturday. Followers of the gridiron game who were about ready to sing a dirge over the championship chances of the Lawrence football team have changed their song to a chant of victory since those same warriors skidded Beloit out of the Little Five conference race by a 36 to 0 score at Lawrence field Saturday afternoon. It was apparent in the first few minutes of play that it was not the same Lawrence team which went down before Oshkosh normal the week before. Even beginners at watching games could see that Beloit could score only through a fluke and that the only doubtful thing about the game was the size of score Lawrence would pile up. May it be said to the Beloit team, however, that it kept fighting to the end and 36 points was the very limit of Lawrence's scoring ability.

Lawrence was outwitted in the line and in the backfield but was hardly outwitted. The little fellows from the state line scrapped hard but went down before a superior team. It was not a disgraceful defeat either. They simply were outclassed.

**Held Lawrence Even**

The visitors held the big Lawrence team scoreless the first period and until the second was nearly over. The Lawrence attack was wearing on them, however, and they were easy victims in the third period when three touchdowns were registered. In the final quarter they rallied and made things look a little dubious when they got away with several well executed forward passes but their hopes were dashed every time. Walrus running who played the position in the place of Captain Bill Smith, was the Beloit star. He broke up many of their passes and followed the ball like a hawk, recovering several fumbles.

Fumbles cost Lawrence several touchdowns. Three or four times they were within easy scoring distance when some player would let the pigskin get away from him and the chance was lost. Beloit fumbles also helped win the game. Twice the ball was dropped in the visitors' territory and a Lawrence man recovered. Touchdowns were the direct result.

**Smith Out of Game**

The Lawrence line was weakened by the absence of Captain Bill Smith who did not start because of injuries. Walt Hunting, who played in the center of the line, was an able substitute. He was in nearly every play and his watchful eye and ability to follow the ball were big factors in the Lawrence victory. Mediocrity, although suffering with a bad leg, fought hard, as did also Blackburne. The guards let the opposing line sift through a few times but they were strong on the defense. Holmes played a whale of a game at the end until he became too tired to play. He was on the field for a few plays and then he was out. Stark, on the other end, scored two touchdowns and played a nice game on the defense. Doering relieved Holmes late in the game and played his usual strong defensive game, in addition to scoring a dropkick from the 35 yard line.

Ziebell piloted the team in good fashion but Boettcher was the big star of the backfield. That young man is a winner. He played a whale of a game in every way Saturday. He showed the most improvement in the way he spilled interference and he tackled better than he has ever done this year. Barry ran the ball quite well but did not match Boettcher. Basing made several good gains through the line but seemed to be slower than his mates. Kubitz was in only a short time. He was taken out in the first quarter when he fumbled on the Beloit 35 yard line but was returned in the final period. He made several good gains around the ends.

**Ziebell in Long Run**

Ziebell furnished the biggest thrill of the game when he caught a punt on his own 40 yard line and ran through the Beloit team for a touchdown. It was a pretty run with excellent interference.

The first touchdown came at the close of the second period. Lawrence had the ball in the middle of the field when Goan got away for a 25 yard run around the end but Lawrence lost the ball on a fumble on the next play. The Beloit punt was short and Low's invaders 25 yard line. Three line plays failed and then Ziebell passed to Stark who stepped over the line with the first marker. Basing kicked the goal.

Barry caught the kickoff at the start of the third period and returned the ball 50 yards to the Beloit 20 yard line. The ball was advanced to the 15 yard line where Beloit held and Lawrence lost the chance to score. A few minutes later Lawrence again was down on the 20 yard line and Basing tore through for a 15 yard gain. A penalty put the Blue and White about a foot from the line and Ziebell went over.

A blocked punt recovered by Hunt gave Lawrence the ball on the Beloit 10 yard line but the Blue and White fumbled and Beloit recovered. Another Beloit punt was blocked and this time the ball went in play on the Beloit 20 yard line. Three line plays were tried without success. Ziebell changed the attack by passing to Stark who ran over for another touchdown. Basing kicked the goal. Ziebell's sensational run through the Beloit team for a touchdown followed shortly after.

Lawrence began using substitutes in large numbers in the final period.

## BIG WEEKEND FOR APPLETON TEAMS

Brandts, High School and Lawrence Teams Win Their Games

It was a big weekend for Appleton, with Lawrence and high school teams winning football games and the Brandts copping a battle from the Milwaukee Brewers. These performances show that Appleton is all there in the sporting world.

The biggest surprise was the win of the Brandts over the Brewers. They outplayed the Milwaukee team from start to finish and made the visitors look foolish. It would be nice if Brandts could keep the squad that played Sunday. A team like that would be as good as any that can be brought together.

Lawrence showed a wonderful improvement over a week ago but still fell far from perfect. Frequent fumbles spoiled chances to score and the team was penalized nearly 100 yards for offense play. The high school had a comparatively easy battle and would have downed Green Bay by a much larger score if the game had been played in daylight.

Saturday was a pretty big day for Wisconsin and the middle west. The Badgers walloped Illinois easily while Chicago upset all the dope by coming away with Princeton. The eastern grid critics are stunned by the game. They said Chicago disregarded every principal of football as it is played in the east, showed no fear for the highly touted Princeton stars, in fact acted about the way easterners expected a western team would act but the best part of it is that they got away with it.

**Schultz Hit Hard**

Schultz, who by the way of being, considerable of a pitcher, was on the hill for the Brewers but what the Brandts did to him was appalling. Six safe blows, including a double and a triple, were garnered off his delivery and the pretty part of it was that the hits were bunched.

The barnstormers got in bad with the crowd because of their crabbiness. Schultz's curves were making them look foolish and they kicked continually on called strikes. Hig Clarke, Ralph Shinnars and Joe Hauser were the biggest kickers because they were the ones who looked the foolish.

Brandts' error in not getting to Mr. Schacht's alleged twisters (Luedtke started the first inning by singling and went to second on Marty Lamers' perfect sacrifice. Mudloff rolled out to third and then Sylvester followed with a triple to the left field fence, sending Luedtke home. T. Lamers whaled a hit over second and Sylvester scored. Short whiffed for the third out.

A quick double play saved Schacht in the second inning. Brown got a life on Luedtke's error and Schultz followed with a single but Luedtke hit into a double killing. Mudloff singled in the third but died on the first sack.

**Brewers Helpless**

In the meantime Schultz was kidding the Brewers. They were biting at his fast breaking curves and when they did connect they didn't get far. The Brewers did not knock the ball out of the diamond until the fourth inning when Shinnars fled to Durain. The first man to reach first base was Hughes who was passed in the fifth inning.

That same inning saw some more fireworks. After Schultz and Luedtke had been retired Marty got a life when Shinnars dropped his fly in deep left. Marty going to second before the ball was recovered. Mudloff then sent him home by doubling to the right field fence. That ended the scoring for the home club. In the sixth inning three successive batters drove the ball into deep center into Lober's hands.

Schultz was in a rather tight hole in the seventh when Hauser dropped a Texas leaguer into short left. Luedtke was slow in fielding the ball and Hauser reached second. He went to third while Covington was retired and then camped on the sack while Schultz fanned Hughes and forced Luedtke to ground out. Two were out when Hauser tripped in the third inning. Hank took his own time in pitching to Covington and forced him to whiff while the crowd kidded the Brewers' alleged sluggers.

**O'DOWD EAGER TO GET BATTLE WITH BUFF**

By United Press Leased Wire  
New York—Phil O'Dowd, Columbus Yankees' pitcher, who is to meet Joe Lynch, former champion here Wednesday night, has offered Johnny Buff, the titleholder, \$10,000 for a no-decision bout or \$15,000 for a 15-round bout to a decision.

**BLAINE ASKED TO HALT DESTRUCTION OF CARP**

La Crosse—The La Crosse Conservation club has forwarded to Gov. J. J. Blaine a petition asking for execution of a state law requiring the destruction of all carp minnows caught in the seines of commercial fishermen. This action followed a letter of protest to Gov. Blaine from Secretary of Commerce Herbert Hoover, who pointed out that this action would in time destroy an important food supply.

# BRANDTS RUB BREWERS IN WHITEWASH

## SCHULTZ HOLDS INVADERS TO 3 HITS AND 3 RUNS

American Association Team is Outplayed Before Big Crowd in Brandt Park

Maybe Mr. Borchert, who owns the Milwaukee Brewers, will be inclined to make an offer to August Brandt for his baseball team when the barnstorming Brewers report to their boss that these same Brandts gave them a 3 to 0 dose of white-wash at Brandt park Sunday afternoon. Maybe Connie Mack, boss of the Philadelphia Athletics, will want to back out of his purchase of Joe Hauser, the Milwaukee demon, first baseman, when he hears that Hauser's team was walloped by a team in the sticks of Wisconsin and that the mighty Joe booted a hot grounder and got pitcher Schacht in a tight hole.

A lot of things might happen from the whipping which Hank Schultz, aided and abetted by eight other up and trying athletes administered to the storming Brewers.

To Hank Schultz must go the lion's share of credit for whipping the American Association team. Hank held the invaders to three safe wallpops and two of them were hammered out by Mr. Joe Hauser. One was a double in the seventh inning which Luedtke would have fielded if he had not been lame, and the other was a screaming triple over Durain's head in deep center field. Fast relaying of the ball kept Hauser from turning the blow into a circuit smash. Senstock for master of New London, scratched a hit off Marty Lamers' glove in the sixth inning to start the frame but he never got beyond first base. It was the poorest kind of a hit but Lamers couldn't be given an error on the play.

**Schacht Hit Hard**

Schacht, who by the way of being, considerable of a pitcher, was on the hill for the Brewers but what the Brandts did to him was appalling. Six safe blows, including a double and a triple, were garnered off his delivery and the pretty part of it was that the hits were bunched.

The barnstormers got in bad with the crowd because of their crabbiness. Schultz's curves were making them look foolish and they kicked continually on called strikes. Hig Clarke, Ralph Shinnars and Joe Hauser were the biggest kickers because they were the ones who looked the foolish.

Brandts' error in not getting to Mr. Schacht's alleged twisters (Luedtke started the first inning by singling and went to second on Marty Lamers' perfect sacrifice. Mudloff rolled out to third and then Sylvester followed with a triple to the left field fence, sending Luedtke home. T. Lamers whaled a hit over second and Sylvester scored. Short whiffed for the third out.

A quick double play saved Schacht in the second inning. Brown got a life on Luedtke's error and Schultz followed with a single but Luedtke hit into a double killing. Mudloff singled in the third but died on the first sack.

**Brewers Helpless**

In the meantime Schultz was kidding the Brewers. They were biting at his fast breaking curves and when they did connect they didn't get far. The Brewers did not knock the ball out of the diamond until the fourth inning when Shinnars fled to Durain. The first man to reach first base was Hughes who was passed in the fifth inning.

That same inning saw some more fireworks. After Schultz and Luedtke had been retired Marty got a life when Shinnars dropped his fly in deep left. Marty going to second before the ball was recovered. Mudloff then sent him home by doubling to the right field fence. That ended the scoring for the home club. In the sixth inning three successive batters drove the ball into deep center into Lober's hands.

Schultz was in a rather tight hole in the seventh when Hauser dropped a Texas leaguer into short left. Luedtke was slow in fielding the ball and Hauser reached second. He went to third while Covington was retired and then camped on the sack while Schultz fanned Hughes and forced Luedtke to ground out. Two were out when Hauser tripped in the third inning. Hank took his own time in pitching to Covington and forced him to whiff while the crowd kidded the Brewers' alleged sluggers.

**O'DOWD EAGER TO GET BATTLE WITH BUFF**

By United Press Leased Wire  
New York—Phil O'Dowd, Columbus Yankees' pitcher, who is to meet Joe Lynch, former champion here Wednesday night, has offered Johnny Buff, the titleholder, \$10,000 for a no-decision bout or \$15,000 for a 15-round bout to a decision.

**BLAINE ASKED TO HALT DESTRUCTION OF CARP**

La Crosse—The La Crosse Conservation club has forwarded to Gov. J. J. Blaine a petition asking for execution of a state law requiring the destruction of all carp minnows caught in the seines of commercial fishermen. This action followed a letter of protest to Gov. Blaine from Secretary of Commerce Herbert Hoover, who pointed out that this action would in time destroy an important food supply.

## Nation's Best Punter

College Park, Md.—The University of Maryland has not the greatest ball team in the country but it boasts the best punter in our fair-land in Brooke Brewer, its crack right half-back.

That Brewer is able to kick farther than any other punter in the United States is the opinion of all coaches who have seen this great punter in action. In all the games of last season and this year his kicks have averaged better than 60 yards and some of his spirals have floated a distance of over 70 yards.

Brewer is a champion sprinter of the south and who has a record of 9.45 seconds for the century dash. Is not a big fellow as many would think from his great booting performance, but weighs 154 pounds and is only 5 feet 8 inches tall. However, he has the knack of getting the ball off for great distances just as some light men have the knack of putting the 16-pound shot or throwing the hammer can toss those spheres for great distances.

Not only do Brewer's great spirals carry far but they are so high in the air that his ends always have time to get down the lofts and runbacks of any great distance are seldom made.

John H. "Heavy" Van Arman, veteran scout of the Syracuse University football eleven declares that Tod Cor and "Lefty" Flynn of Yale were not in the same class of kickers as this great Brewer. If Brewer were on Harvard, Yale or Princeton instead of the little Maryland team we would hear more about him.

## KAUKAUNA IN EASY WIN OVER MAYVILLE

Legion Team Runs Away With Southern Team in 53 to 6 Game

Kaukauna—Mayville football team's record and reputation went to smash Sunday afternoon at Kaukauna ball park when Kaukauna American Legion defeated the visitors by a score of 53 to 6. Mayville scored when one of its men intercepted a pass and raced over the goal from the 30 yard line. Only one other team did the Mayville squad get into dangerous territory. They were held for four downs without a gain on Kaukauna's 7-yard line.

The legion was in possession of the ball nearly all the time. Mayville made first down once in the game when a successful forward pass netted 15 yards. The lines looked well matched and the game began with indications of a hard battle. After a minute or more of plunging, Kaukauna seemed to get the stride and a neatly executed crossback sent Gunshavich over the line. Rennie kicked. Mayville scored a few minutes later on the intercepted pass.

The legion scored three times in the first quarter and seemed to become more aggressive as the game went on. Fumbles were frequent in the first quarter. The game became a rout after the second quarter and time was called again and again when Mayville players were hurt. It required two hours to play the game. Mayville continued to fight hard in an endeavor to hold down the score but two or three intercepted passes helped the legion. Rennie nipped one pass and galloped over the goal line from the 35 yard line.

A larger crowd than usual turned out in expectation of seeing two evenly matched teams. Next Sunday the Milwaukee Maple Leaf Athletic club, formerly the Mitchell Athletic Club will play the legion at Kaukauna.

## OSMAN ON WAY HERE TO WRESTLE HILL

Kara Osman, who wrestles George Hill here Wednesday night, is on his way north from Florida where he has been in training. He says his work in the hot Florida sun has taken off considerable weight and he is in first class condition. Osman declares he will win Hill will put him in right with wrestling fans and promoters and will insure good matches.

Hill is ready for the match, he says. The local man is heavier than last winter but declares he is just as fast or faster. He has been working hard in preparation for the bout.

## FIND THREE SKELETONS ON FORMER BARN SITE

Racine—The finding of three skeletons while men were excavating for a foundation on Sunday has presented a mystery for the police to try and solve. The skeletons were found at 1237 Racine street, buried about four feet below the surface of the ground. For several years the property had been occupied by a barn which was recently removed to make way for a residence. The workmen first found one skeleton and then excavating a few feet further away found two more. It is the belief that the bodies were buried there many years ago.

## GREEN BAY PACKERS WHIP MARINES, 7-0

Failure to Kick Goal After Touchdown Loses Battle for Minneapolis

Green Bay, Wis.—The Green Bay Packers defeated the Minneapolis Marines here on Sunday by a score of 7 to 0 in one of the greatest games ever played in this city.

The Marines were the first to score. line smashes early in the first quarter placed the ball on the three yard line from where Dvorak plunged over for a touchdown. Sampson missed the goal which eventually cost the Marines the game.

From then on, the teams battled on an even basis until late in the fourth quarter when Dvorak fumbled Cub Duck's punt on his own thirty yard line and laynes of the Packers recovered.

Lambeau shot a forward to Wagner on the first play, netting twenty yards after which Schmeel bucked through tackle for a touchdown. Lambeau lugged goal, deciding the game.

Powers, Schmeel and Buck starred for the Packers, while Gunderson, Sampson and Regnier carried the brunt of the Marine attack. The game was played before a crowd of 6,000 people. Next Sunday the Packers play the Rock Island Independents.

## TITUS PLAN WOULD WORK TOO SLOWLY

Blaine Believes Less of an Organization Is Needed to Help Unemployed

Madison.—Replying to a suggestion from Senator W. A. Titus to relieve the stress of unemployment, Gov. John J. Blaine declared the suggestion was ideal but he feared impracticable at this time.

Senator Titus suggested a state commission on unemployment which would in turn organize each county, much on the plan of the state and county councils of defense during the war. The unemployed would be registered in each county seat with the class of work they would be willing to do and through the state organization allocations could be made. The senator's idea was that employers should make every possible effort to furnish employment, even at a temporary loss. He stated that honest working men and most of them are honest, want employment instead of charity.

Gov. Blaine, in replying to the suggestion said: "I am very much interested in your suggestion of Oct. 11. I am going to consider these suggestions very seriously."

"The one difficulty with respect to all these matters is the machinery necessary for such a comprehensive organization. It is difficult to reach out and install such machinery. The suggestion would be most helpful if it could be carried out,—in fact ideal."

"I will see the industrial commission and ascertain just how quickly they might do this sort of thing, but I remain a program of this kind was impossible to accomplish except after months, and then the drive and impetus that goes with such a great war was necessary to do it."

## WEST GREEN BAY DEFEATED, 23 TO 0, IN DARKNESS

High School Gets Started Late But Outplays Baymen on Own Field

Playing in the dark, with electric lamps casting a flickering light on the gridiron, Appleton high school football team defeated West Green Bay at Green Bay Saturday afternoon, 23 to 0. The game was started late and advanced because of the East Green Bay-Menominee fracas which was played first. It was about 4 o'clock when the Appleton team took the field.

Green Bay played a plucky game but was clearly outclassed. The Briese-Roach combination was too strong for the Baymen and they went down.

The play was in the center of the field the early part of the game with neither team having much of an advantage. Finally Appleton got started and advanced the ball to the Green Bay 20 yard line where the Baymen held and Roach failed in an attempt to kick a field goal. The Baymen put the ball in play on their 20 yard line and tried a forward pass which Roach intercepted and carried to the enemy's 5-yard line. Tappert carried the ball over the fourth play.

Appleton started the second period strong and carried the ball to the Bay 25-yard line where the Purple held for three downs. Roach then dropped-kicked from the 25 yard line. It was the prettiest play of the game. Zussman and Tappert were going strong about that time and threatened the Purple goal but were held. Roach missed a drop kick just as time was called.

Green Bay tightened up at the start of the third period and held Appleton even. The tide was turned when Tappert intercepted a pass and a new kind of attack was opened which sent the ball over for another marker. Briese got into the game about this time and helped carry the ball to the Purple 10-yard line when the third period ended. He grabbed a pass from Roach on the first play of the final quarter and raced over the line for the last score of the game. Appleton eased up in the last period and played pretty much on the defensive. Green Bay never seriously threatened to score during the entire game.

### INGROWN TOE NAIL TURNS OUT ITSELF

A noted authority says that a few drops of "Outgro" upon the skin surrounding the ingrowing nail relieves the inflammation and pain and so toughens the tender, sensitive skin underneath the nail, that it can not penetrate the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless, antiseptic manufactured for chiropodists. However, anyone can buy from the drug store a tiny bottle containing directions.

## HEAVY OIL BUYING LIVENS EXCHANGE

New York—Big buying orders again came into oils during the early afternoon on the New York stock exchange here Monday and Pacific Oil, Houston and some of the lower priced issues were put to new highs on the move.

Buying of Pacific Oil was of a particularly impressive character and was said to be for account of Standard Oil of California interests.

New financing over the next month or six weeks will aggregate a total of a quarter of a billion dollars. In view of this traders do not look for a declining market.

**EFFECTIVE KILLING SHOWN IN LAST WAR**

Washington—Thanks to a new automatic postage meter, which post offices in the large industrial towns have ready for hire, and you may mail a thousand letters without stamps as soon as you like to rent the machine.

The meter looks like a small hand saw, stands about twelve inches high and has an inside mechanism which provides for a stamping pad which dates the letters, and cancels the stamp. You hire your machine and take it away from the post office, "charged up" to frank a thousand letters. All your mail clerk has to do is to slip the envelopes through the foot of the machine, press a button—and presto—out they come, all dated and franked ready to be put abroad in the train. When the thousand meter shows a nine machine, the post office rewards it for a fresh thousand frankings with a special key.

Several New York firms have adopted the machine since its very recent appearance—it has only been a few weeks since the post office adopted the invention.

**CHARGES I. C. C. WITH EXCEEDING AUTHORITY**

Washington—Charges that the interstate commerce commission "misconstructed the transportation act and exceeded its authority in changing the intrastate rates" were made Monday by John E. Denton, general collector of the National Association of Railroad and Utilities Commissioners before the senate interstate commerce committee.

**BIRTHS**

A son was born to Mr. and Mrs. George Weise, 595 Clark st. Sunday morning at Theda Clark hospital, Neenah.

**Buys Ryan House**

Samuel Cookson, field agent for Lawrence College, now living in Ripon, purchased the S. J. Ryan house on Morrison st., Saturday. Mr. Cookson will take possession in the near future. Mr. and Mrs. Ryan left Monday for Chicago on the first lap of the return journey to their home in California.

**Naylor Buys Home**

A deal was closed Saturday by which Dr. W. S. Naylor of Lawrence college became the owner of the former H. D. Ryan residence on Kilmaball st. The residence was originally the W. S. Warner homestead and is one of the largest and best known in that part of the city. Dr. Naylor has not announced his plans concerning it.

## CATLIN RUNS INTO UNLIGHTED WAGON

Mark S. Catlin suffered a broken little finger on his left hand and his car was quite badly damaged when he ran into the rear end of an unlighted wagon on the Oshkosh-Neenah rd., about a mile out of Oshkosh early Saturday evening. Mr. Catlin was returning from Oshkosh where he refereed two football games when the accident occurred. An automobile with bright lights blinded Mr. Catlin momentarily and he was unable to see the wagon ahead until too late to stop his car. He pushed the vehicle, which was owned by Peter Tonkovich, ahead a few feet but did not damage it seriously. The driver was unhurt. Mr. Catlin was able to drive his damaged car to Neenah for repairs.

## CATCH FORMER CONVICT AFTER ROBBERY OF HOME

Milwaukee—Adam Stoltzoff, 23, former convict recently released from Waupun, was taken into custody Monday by the police, following the robbery of six homes on the west side.

Stoltzoff was captured after being cornered in the rear of a drug store. Police allege the man was discovered leaving the Harry Mayers home through a window. The alarm was spread and a chase through yards, streets and alleys finally ended in his arrest.

## EFFECTIVE KILLING SHOWN IN LAST WAR

Washington—Thanks to a new automatic postage meter, which post offices in the large industrial towns have ready for hire, and you may mail a thousand letters without stamps as soon as you like to rent the machine.

The meter looks like a small hand saw, stands about twelve inches high and has an inside mechanism which provides for a stamping pad which dates the letters, and cancels the stamp. You hire your machine and take it away from the post office, "charged up" to frank a thousand letters. All your mail clerk has to do is to slip the envelopes through the foot of the machine, press a button—and presto—out they come, all dated and franked ready to be put abroad in the train. When the thousand meter shows a nine machine, the post office rewards it for a fresh thousand frankings with a special key.

Several New York firms have adopted the machine since its very recent appearance—it has only been a few weeks since the post office adopted the invention.

## A Smile In The News

Sam Says:  
Alimony generally means all the money.

Pertinent Question  
Do men become as Rich as Croesus By knowing when and How to fleece us?

"I'd like to be a street car conductor or something like that," said the town wag, "Then I could show a few people where to get off at."

Heads  
Some folks are empty headed—At least so I've been told—And others have a lot of pieces that can only hold a cold.

Strange Doings  
August Beauclery, one of the pioneer residents of Coleman, had the misfortune of falling when undressing in his room and breaking his hip. He is now at a Green Bay hospital in a very serious condition. On account of his advanced age.—Marquette Eagle-Star.

The Altruist  
Praise seems to shun deserving ones But to illustrate my drift: Elevator lads get little praise For giving folks a lift.

Musical Features  
Louis St. Mary, Herman Tank and Teddy Schlotz spent Wednesday evening with the McDermott family. Mr. Tank played several old favorite pieces on the violin, after which he gave Teddy preliminary lessons in bowing. Louis St. Mary, Miss Cecelia McDermott and brothers John and Alfred and Terry Schlotz spent Friday evening with Mr. and Mrs. Bert Couvillion. The "main feature" of the evening was a violin demonstration given by Mr. Couvillion. Mr. Couvillion having tried several instruments. Mrs. Couvillion and Mr. McDermott alternately accompanied the virtuoso violinist on the piano. A pleasant evening was reported by all who attended.

Howda We Know?  
"What is good for chaps?" asks a girl contrib. Depends on the kind of chaps they are.

The Water's Fine  
"I'd like to go in bathing," Said pretty Lizzie Kimm "But the only way I know of Is to join the social swim."

A New Variety  
Wanted—Girls also young women, handy with needle.—Fond du Lac Commonwealth.

But He Must Stick  
Wanted—Shoe salesman at Glue's. —Wisconsin Rapids Tribune.

Was It Tough?  
LITTLE CHUTE IS MEAT FOR TWINS —Headline in Menomonie Herald-Leader.

Her Choo!  
Cedarville—On last Wednesday there was a farewell party for Mr. and Mrs. Peppers. There were more than half a hundred friends and neighbors gathered at the Peppers' home.—Marquette Eagle-Star.

And Then The Worst Came  
A young man was passing a general merchandise store in a small town when he saw this sign:  
GARTERS CUT ONE-HALF  
Thinking to save some money he hurried in and was approached by the young lady clerk who inquired what he wanted. "Let me see your garters, please," he requested.

By the Court: JOHN BOTTENSEK, Judge.

## PLENZKE IS HEAD OF TEACHER ASSN.

Several Outagamie County Mentors Honored at Green Bay Meeting

C. H. Plenzke, superintendent of schools at Menasha, was elected president of the Northeastern Wisconsin Teachers association at the twenty-eighth annual convention in Green Bay, Oct. 21 and 22. Other officers are Leo Schussman, superintendent of Kaukauna schools, vice president; W. E. Hagamon, director of the Outagamie Training school, secretary; W. F. Krusche, treasurer. E. A. Seymour of Green Bay, was appointed to fill the vacancy on the executive committee created by the election of Mr. Plenzke.

Lee C. Rasey, principal of Appleton high school was chairman of the English sessions; W. S. Ford, director of the vocational school, chairman of committee on elections; Miss Ruth Mielke and Miss Ethel Carter of the high school were in charge of the round table discussions of the library and mathematics sessions.

An address was given by Gov. J. J. Elaine at the Whitney school, Friday evening.

A resolution was passed naming Thursday and Friday as the days on which future conventions will be held. The dates and meeting place will be selected by the executive committee. It was decided to send a delegate to the National Educational association convention.

## HUETTL LOSES APPEAL TO CIRCUIT COURT

In the case of the state against Harold Huettl who was charged with disturbing the peace while at a dance in Stevensville about midsummer, which was tried in municipal court Friday afternoon, Huettl was found guilty by the jury and was fined \$25 and costs by Judge E. V. Werner.

Huettl was tried in municipal court several weeks ago and was given a 20-days workhouse sentence by Judge A. M. Spencer. After he had been taken to the workhouse and began serving his sentence he appealed the case to circuit court.

## Real Estate Business On Up Grade, Steinberg Says

State President Returns from Tour of Real Estate Boards of Wisconsin

Daniel P. Steinberg returned to Appleton Saturday after two weeks spent in touring the state in his official capacity as president of the Wisconsin Association of Real Estate Brokers during which he visited the cities of Eau Claire, Chippewa Falls, Hudson, Pasco, La Crosse, Beloit, Racine, Kenosha, Milwaukee, Waukegan, Madison, Fond du Lac and Oshkosh and addressed real estate boards in all of them.

"In every community with the possible exception of two," Mr. Steinberg said, "real estate business conditions are fast going back to normal. That does not mean that a \$4,000 house can be sold for \$6,000 or \$7,000. Property will be sold again at its actual worth."

## BLEACH PLANT IS RUINED BY FIRE

Fire originating in a bleach box at the Appleton Broom Manufacturing company's plant on Meade-st., early Sunday morning was discovered by a passerby who sent in the fire alarm and brought the fire department to the scene in time to prevent serious damage.

The damage was the destruction of the bleach box and the loss of straw which was in the sulphur process of bleaching. A statement from the company Monday was that the damage had not been estimated and the cause of the fire had not been learned.

To check the flames necessitated quick work by the firemen who had to lay 1,200 feet of hose from the nearest fire hydrant.

## APPLETON LAWYERS AT BURNELL'S FUNERAL

Judges A. M. Spencer and Edgar V. Werner, District Attorney Fred V. Heinemann and Attorneys John Morgan, Frank Rooney and Albert H. Krugmeier of the Outagamie county bar and bar attended the funeral of Judge George W. Burnell at Oshkosh, Sunday afternoon.

Judge Burnell had served for many

"My trip was for the purpose of enlisting support for the various boards to prevent unfair legislation as to taxes for real estate. We have to make the owning of real estate for investment or otherwise attractive rather than a burden. To bring this about means concerted effort by the real estate men and property owners."

"A further purpose was to promote the next convention to be held in Eau Claire, Feb. 14-15-16, 1922. This gathering no doubt will be by far the most instructive and beneficial conference of business men held in the state. Subjects will be ably discussed by men who have already been engaged on the following topics: "The real estate 'City zoning and planning'."

"During his tour, Mr. Steinberg visited the national dairy show at St. Paul and addressed Illinois realtors in convention at Peoria, Ill."

## ALL WOMEN INVITED TO CLUB MEETING

Elaborate preparations will be completed Monday for the October meeting of Appleton Women's club at Lawrence conservatory at 7:30 Tuesday evening to which every member of the club is invited. Plans for the campaign will be discussed in order to stimulate a real interest in the work.

Mrs. J. T. Quinlan will lead the community singing and will present a few solo numbers. Mrs. M. A. Wertheimer is to read Dr. Drinkwater's "Abraham Lincoln."

years as circuit judge of Winnebago co., and was still active in this capacity at the time of his death. Former Gov. Schofield attended the funeral. Thomas E. Reid of Appleton also attended.

## BIG CROWD ATTENDS ANNIVERSARY PARTY

St. Aloysius Young Mens Society Observes Its Fortieth Anniversary

St. Aloysius Young Men's society of St. Joseph church celebrated its fortieth anniversary with a banquet at St. Joseph hall Sunday evening. One hundred and fifty members were present and L. Hugo Keller acted as toastmaster. It was called the most enjoyable event in the history of the organization.

Among the speakers were J. H. Langenberg and Al. Stoegebauer, the first and present presidents. Gustave Keller, the first member initiated, also was a speaker. Other speakers were H. A. Schmitz, Father Basilus Gummertman, and Father Conrad Ripp of Bear Cr. 2k.

Mr. Langenberg who was responsible for the organization of the order, spoke briefly and said he would withhold making an address until the fiftieth anniversary which he expected to attend. He was taken at his word and received a round of applause. Music during the banquet was furnished by an orchestra composed of members. All of the ex-presidents are still living and several of them were present.

The celebration will close Monday evening with a social for members, former members and their wives.
